Trust

Become the top machine and machining solution provider in the global machine tool industry, and to be the most reliable partner for clients.

Technology

To be the best solution provider of machine equipment and techno services for assisting clients to step into smart manufacturing's field.

Chairman
Jui-Hsiung Yen

Tongtai expects clients to

BENEFIT BY OUR TECHNOLOGY!

BE CONFIDENT IN OUR EXCELLENT QUALITY!

BE SATISFIED BY OUR QUICK SERVICES!

2005 ▶

2015 ▶

NOW ▶

Established in 1969

- Focus on special purpose machine developing
- Imported the tech from Japan (HITACHI Seiki & Aisin Seiki)

Market Expansion

- Overseas operation branches
- TWSE Listed
- PCB business unit established
- Control Technology established
- Cooperation with Aisin, Kiryu, and Hitachi Seiki to produce HMCs and vertical lathes

Strengthening Operational Capacities

- HQ moved to Luzhu Science Park
- Strengthen brand's image
- Merged with 3 Taiwanese machine tool brands
- Product line expansion

Transform Together

- Acquired 2 European machine tool brands
- Entering Tier 1 automotive supply chain
- Integrate group's inner resource
- Step forward to intelligent manufacturing
- DX & GX

Special Purpose Machine

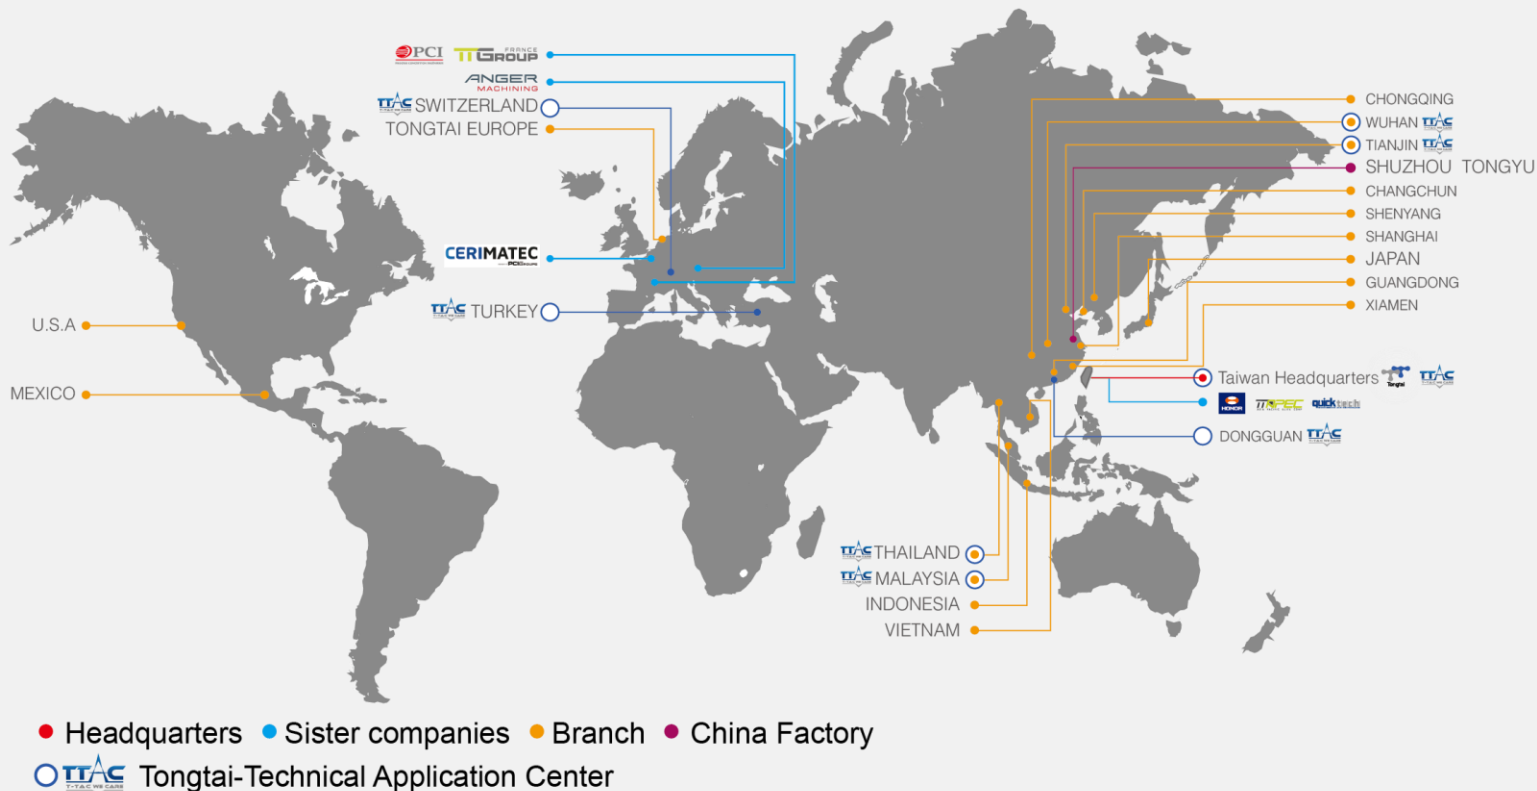

Customization & NC Machine

CNC Lathe & Machining Center & PCB Machine

Multi-tasking & AM & Laser Machine

Global Networking

Tongtai has 3 factories, 16 overseas branches, 6 technical application centers and over 60 overseas agents to provide customers with professional, thoughtful sales & after-sales services.

Intelligence

Integrate more products and technologies to solve more problems

- Standard machines
- Various options
- Customized option

- Machine for specific workpiece
- Machine for specific industry

- I1: Turnkey solution, Trial test
- I2: Controller, Sensor, Intelligent function
- I3: Automated machine/production line, Intelligent factory

Total Solution Provider

7 solution solve the problems you meet during machining!

TRANSFORM
TOGETHER

Tongtai Value Creation Process

To be a dream maker and future leader, creating an ideal and profitable life for people.

TRANSFORM
TOGETHER

Addressing Customers Pain Point

- Consultative Sales & Rapid Service
- Needs Analysis
- Customizing Solutions

Excellence in Software and Hardware Integration

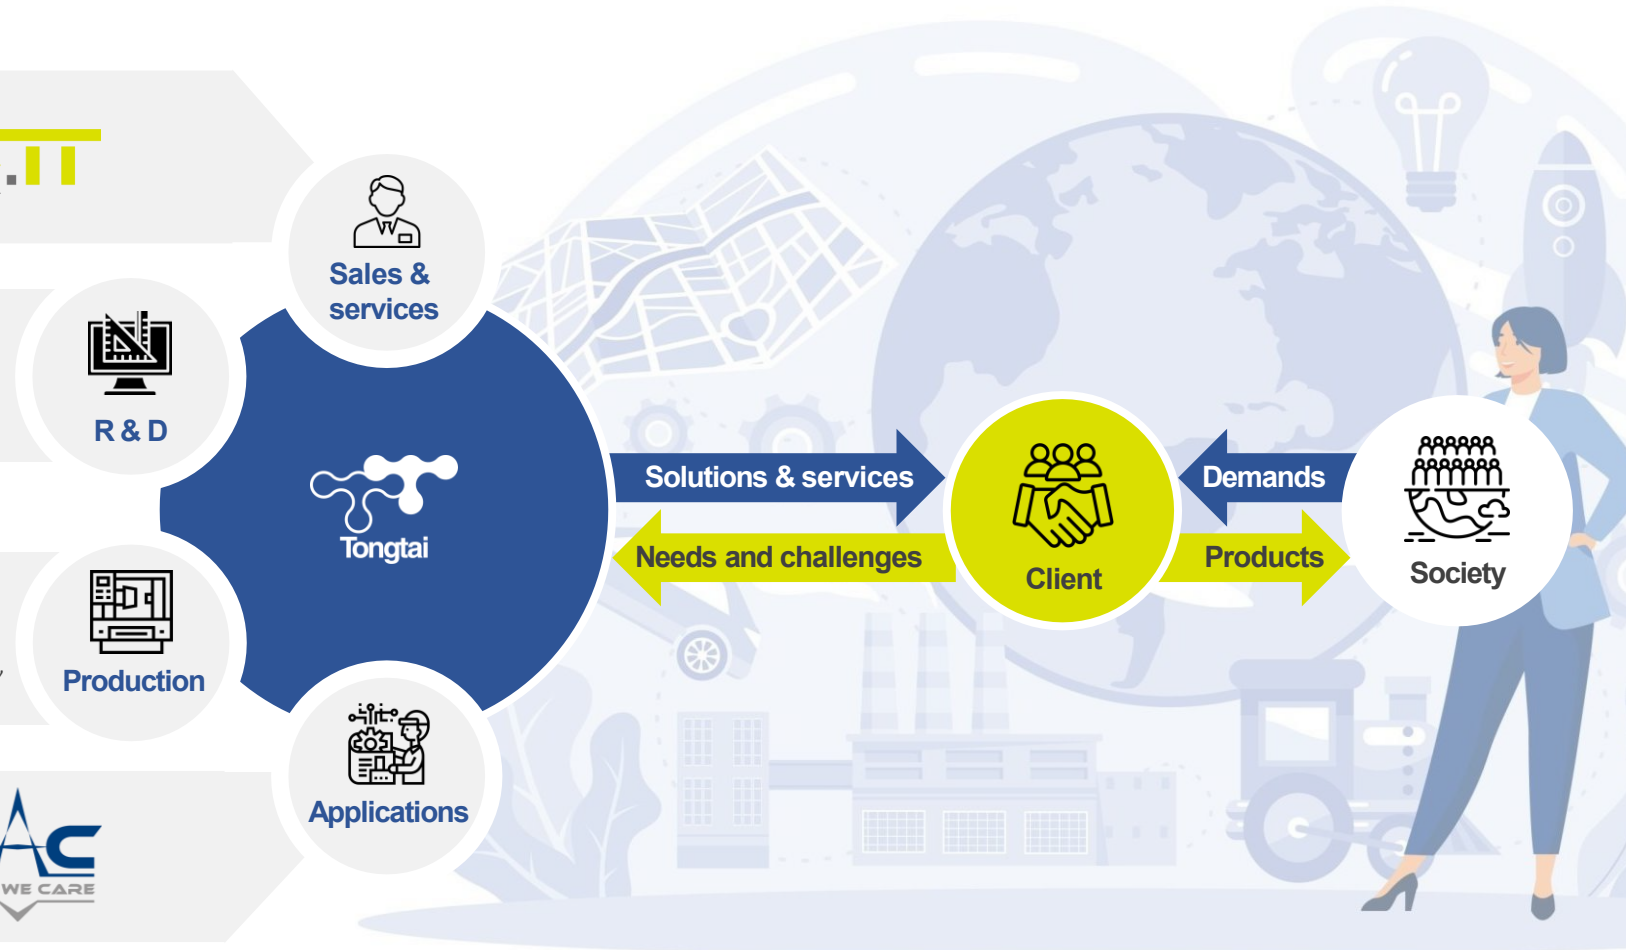

- Machine Tool Development
- Software Development
- Engineering Analysis
- Jig & Fixture Design
- Tool Design
- Automation System Design

We Make Ultimate Products

- Self-made Key component
- Formal Inspection
- Precision Assembly
- 26°C Air-Conditioning factory
- Promote 5S, Implement IQC, IPQC, and FQC

Turnkey and Technical Services

- Trial Production
- Machining Technical Application
- Training & Developing
- Machine Optimization
- Product Prototyping

Transform Together

Strengthening DX and GX Transformations, Driving and Implementing ESG

TRANSFORM
TOGETHER

Carbon Footprint Verification

Tongtai has been using Energy Management System (EMS) since 2006 and still invests resources in energy conservation and carbon reduction. Furthermore, Tongtai also obtained ISO50001, ISO14064-1 and ISO14067.

Carbon Reduction

Performance of energy saving

27.24% (2018-2023)

Performance of carbon reduction

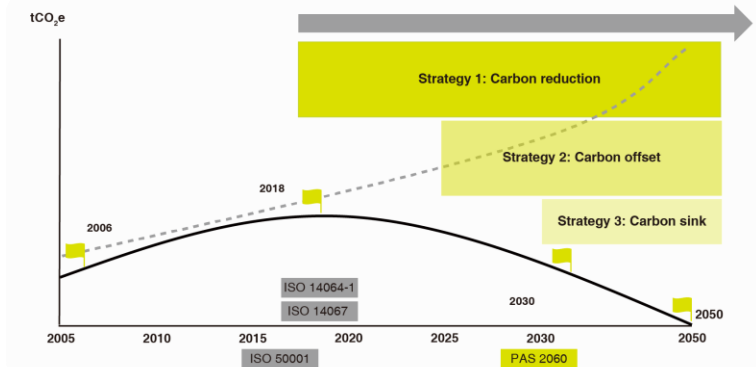

31.22% (2018-2023)

Based on the regulations of ISO14955, we develop and assemble green machines. Furthermore, variety of functions include additive manufacturing, power consumption monitoring, carbon conversion, digital twin, energy saving mode...etc.

Carbon Neutral

Product development adopts low carbon and eco-friendly designs for sustainable development to the Earth.

What
Tongtai do

We
can help

Tongtai assists customers to understand the regulations of Carbon Footprint Verification.

Green machines, additive manufacturing technologies, and digital twin technologies.

DX **GX**

Together forward to
a Net Zero future.

Transform Together

Strengthening DX and GX Transformations, Driving and Implementing ESG

TRANSFORM
TOGETHER

Tongtai's ambition towards carbon reduction

Our climate commitment aligns with the global objective of controlling the rise in temperature within the 1.5°C limit.

Employees & Society

Tongtai values employee rights, provides education and training, and creates a friendly workplace. Simultaneously, it actively participates in social welfare and collaborates with industry, government, and academia on various initiatives.

Awards & Honors

- Top 100 Taiwan Brands
- Industrial Sustainable Excellence Awards
- Potential Taiwan Mittelstand Award
- The National Brand Yushan Award
- Taiwan Excellence Award
- Taiwan Machine Tool industry Award
- Standards and Equal Employment Award
- Kaohsiung Leading Enterprise
- Dingge Awards
- Badge of Accredited Healthy Workplace

Quick response with effective solutions for your production line

1

Receive service request

4

On-site inspection & repair

2

Verify issue & remote troubleshooting

5

Check spare parts availability

3

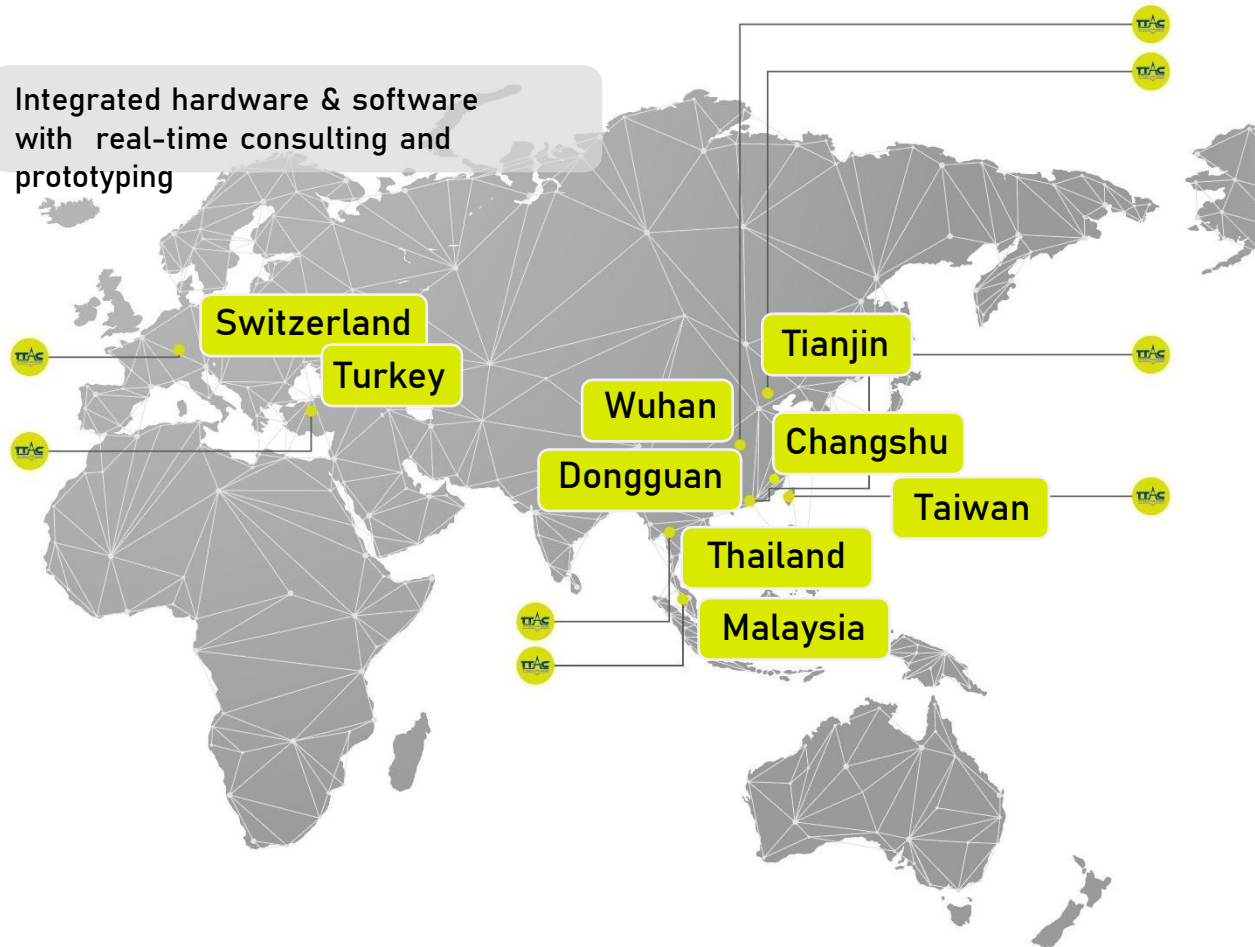

On-site support (if needed)

6

Follow-up and feedback confirmation

Offering live machine demonstrations with on-site experts, we provide hardware, software, and technical consulting tailored to customer needs—ranging from standalone machines to complete production lines and full plant solutions. We also collaborate with suppliers to host technical seminars and showcase equipment in real-world applications.
